

## TNTmips Newsletter — Free Trial TNTmips 2012

September 2012

### Do you know you can install and use TNTmips 2012 for 30 days?

- trial on any computer using any older version of TNTmips.
- simply [download](#) and install TNTmips 2012.
- trial version is installed and used separately from your older TNTmips.
- 30 day trial timed from when you first start up TNTmips 2012.

### Try a few new things:

#### [Bing Maps image and road layers\\*](#)

- add with other layers in a view.
- view any area in the world in stereo.

#### [Stereo of any local area in the world](#)

- use your local image and geometric data.
- annotate, sketch, and edit in 2D or 3D.
- use anaglyph or any color 3D monitor or television.

#### [Try some internet publishing](#)

- export, mosaic, or render tilesets from your image, vector, shape or CAD objects.
- view your local tilesets in Google Maps, Bing Maps, Google Earth, Open Layers.
- view your tilesets from the Internet using these public viewers ([simply upload them to Microlmages' web server](#)).

*\* Microlmages has just negotiated a special license from Microsoft to permit free use of Bing Maps image and road layers during your 30-day trial.*
