

OGC Certified WFS Products

The opportunity to have a Web Feature Service (WFS) certified for any version was first provided by the Open Geospatial Consortium (OGC) in June of 2007. MicroImages has submitted TNTserver 2007:73 for certification of its Web Feature Service for V1.0 and V1.1 and is awaiting comments.

This information on the status of products certified as compliant with the WFS specification was derived from data posted by the Open Geospatial Consortium (OGC) at <http://www.opengeospatial.org/resource/products>. Products compliant with OGC specifications other than a Web Feature Service (WFS) are not listed here. Only the latest version of each product is listed.

Company Name	Product Name	V1.0 OGC Certified Compliance	V1.1 OGC Certified Compliance	Country of Origin ¹
MicroImages, Inc.	TNTserver 2007:73	pending	pending	USA
BILGI GIS	GeoKIT WFS 1.0	yes		Turkey
Cadcorp	Cadcorp SIS Map Server 6.2 ²	yes		UK
ESRI	ArcIMS 9.2	yes		USA
Galdos Systems, Inc.	Cartelina Geographic Data Server 2.0	yes		Canada
http://topp.openplans.org	GeoServer 1.3	yes		USA
Intergraph Corporation	GeoMedia Web Map 05.01	yes		USA
IONIC Software s.a.	RedSpider Web 3.4	yes		Belgium
Luciad NV	LuciadMap 6	yes		Belgium
Snowflake Software	GO Publisher WFS 1.2	yes		UK

Communication with a WFS operating at version 1.1 is specified by ISO/CD 19142 (as of 1 August 2007). There is no ISO communication standard for a WFS operating at version 1.0.

¹ Country where software was developed to the best of our knowledge (location of corporate headquarters).

² Cadcorps' compliant WFS is also incorporated in GeonoSIS.NET 6.2 and SIS Active Server Component 6.2.
