

Access Documentation on Local Computer

DID YOU KNOW . . . you can access MicroImages' documentation files directly on your computer?

What Accessing Documentation on Local Computer Gives You

- Use documentation installer to install all latest documentation to your local drive
- Access MicroImages' documentation with no Internet connection
- Search documentation for the keyword(s) of interest

The image shows a composite of three screenshots illustrating the search process in Adobe Reader. The top-left screenshot shows the Adobe Reader interface with a search panel open, displaying a map and a 'Search' button. A blue box highlights the 'Search' button, with an arrow pointing to the text: 'Clicking on this button opens the Acrobat Search panel to search MicroImages' documentation installed on your local computer.' The top-right screenshot shows the search results panel with a search term 'raster statistics' and a list of 10 documents. A blue box highlights the search term, with an arrow pointing to the text: 'Click here after entering your search term(s) to get results as shown above.' The bottom-right screenshot shows the search panel with a search term 'raster statistics' and a 'Search' button. A blue box highlights the 'Search' button, with an arrow pointing to the text: 'Click on any of the search results to view the document in pdf format.'

How to Access Documentation on Local Computer

- Download and run the documentation installer located at MicroImages' website:
<http://www.microimages.com/downloads/tntmips.htm>.
- Select Help / Search from the TNT menu bar.
- Click on the Search button for the index in Adobe Reader.
- Click on the Load button when prompted to load the Catalog Index.
- Type the keyword(s) of interest and click on the Search button on the same panel.
- Click on any search result to view it in pdf format.
